INCOME AND EMPLOYMENT DOCUMENTATION

The analysis, verification, calculation and determination of the stable monthly income amount is integral to the overall qualification of the Borrower and determination of the Borrower’s capacity to repay the Mortgage and other monthly obligations. Refer to Guide Topic 5300 for complete requirements and guidance for the analysis, stability, history, continuance and documentation for all stable monthly income and asset qualification sources.

Topic	Documentation Requirements (Streamlined and Standard Documentation Levels)
<p>General requirements for stable monthly income (Guide Section 5301.1)</p>	<p>Stable monthly income is the borrower's verified gross monthly income from all acceptable and verifiable sources that can reasonably be expected to continue for at least the next three years. For each income source used to qualify the Borrower, the Seller must determine that both the source and the amount of the income are stable.</p> <p>Regardless of the underwriting path, the income qualification sources used to qualify the Borrower (whether or not specifically addressed in Topic 5300) and the documentation in the Mortgage file must be evaluated for stable monthly income qualification requirements and must meet the requirements of Topic 5300. Income qualification sources that do not meet these requirements or are not calculated correctly may invalidate the Loan Product Advisor Risk Class on the Feedback Certificate.</p> <p>The Seller must include a written analysis of the income qualification sources and amount in the Mortgage file. In addition, all documentation used to establish stable monthly income must be retained in the Mortgage file.</p> <p>Refer to Guide Section 5301.1 for more requirements and guidance on:</p> <ul style="list-style-type: none"> ▪ Analysis of stable monthly income amount ▪ General requirements for all stable monthly income ▪ Income stability and history ▪ Income continuance

<p>Primary and Secondary Employment: Earnings types - requirements and guidance (Guide Section 5303.2(b))</p>	<p>Base non-fluctuating employment earnings For the purpose of determining stable monthly income, base non-fluctuating employment earnings are considered to be earnings with a pre-determined and agreed upon rate of pay and number of hours worked each pay period.</p> <ul style="list-style-type: none"> ▪ The pay rate and number of hours worked must be reflected on an ongoing consistent basis for each pay period and be fully supported by the year-to-date income. In addition, if the annual salary is reported on the income verification documentation, that may be considered additional confirmation of base non-fluctuating earnings. ▪ Base non-fluctuating earnings may include both exempt (salaried) and non-exempt earnings; however, the pay rate and number of hours worked must not fluctuate between pay periods. ▪ Base non-fluctuating earnings may include military base (basic) pay. For members of the United States Armed Forces, active-duty pay is considered base non-fluctuating earnings. ▪ Base non-fluctuating earnings may include part-time earnings, provided the number of hours worked each pay period are pre-determined and the same, as outlined above. <p>Base non-fluctuating earnings do not include additional employed income (e.g., bonus, overtime, tips). The hourly pay rate is a pre-determined and agreed upon fixed amount.</p> <ul style="list-style-type: none"> ▪ Fluctuating hourly earnings may be determined by a review of the YTD income verification documentation with analysis focused on hours per pay period and YTD earnings in relation to hours worked. ▪ Fluctuating hourly earnings are not considered base or salaried earnings ▪ Fluctuating hourly employment earnings are typically representative of non-exempt earnings. ▪ Fluctuating hourly earnings do not include additional employed income (e.g., bonus, overtime, tips). Additional Employed Income – History and Stability Guide Section 5303.3(b)	<p>Income history and stability - requirements and guidance</p> <p>Many additional employed income types are fluctuating income. The stability of fluctuating income is determined based primarily upon historical earnings so it is imperative that a sufficient income history has been established. For this reason, most income types that fluctuate have a history requirement of two years. In certain instances, a shorter history may still be considered stable if Seller provides a written analysis, and sufficient supporting documentation, justifying the determination of stability. When making this determination, the Seller must take into consideration factors such as income and/or employment characteristics and the overall layering of risk factors, including the Borrower’s demonstrated ability to repay obligations. In no event may the history be less than 12 months.</p> <p>Refer to Section 5303.4 for information with respect to employed income calculation requirements and guidance.</p>

Mortgages and notes payable in less than one year	
Excluding Self-employed borrower debt paid by the business (continued) (Guide Section 5401.2(b)(ii))	The Seller must analyze the terms of the Mortgages and notes payable in less than one year and determine whether the income should be reduced by the debt when performing the income analysis. The analysis must include factors such as whether the business has sufficient liquidity to pay off the debt without a negative impact to the business, if the business type is indicative of debt that would continually roll over, and/or if the debt is a line of credit that is consistently renewable. If these factors are present, the income does not need to be reduced by the debt when performing the income analysis.

GENERAL UNDERWRITING REQUIREMENTS
Eligibility (Guide Chapter 5101)

Loan Product Advisor assumes that the last information submitted to Loan Product Advisor is the same as the information that is verified and documented in the Mortgage file delivered to Freddie Mac. If the information changes or an error is identified in a prior submission, the mortgage information must be resubmitted to Loan Product Advisor. See Guide Sections 5101.7 and 5101.7 for exceptions and requirements for resubmission to Loan Product Advisor after the Note Date, or for Construction Conversion and Renovation Mortgages, after the Effective Date of Permanent Financing. Incorrect information in Loan Product Advisor may invalidate the Loan Product Advisor Feedback Certificate. To qualify as a Loan Product Advisor mortgage, the mortgage must meet all the following criteria:

- Be submitted to Loan Product Advisor no more than 120 days before and no later than the Note Date, or for Construction Conversion and Renovation Mortgages, the Effective Date of Permanent Financing
- Have all credit reports (including Loan Product Advisor credit reports) dated no more than 120 days before and no later than on the Note Date, or for Construction Conversion and Renovation Mortgages, the Effective Date of Permanent Financing
- Receive a "Complete" AUS Status on the Feedback Certificate based on the last submission to Loan Product Advisor on or before the Note Date, or for Construction Conversion and Renovation Mortgages, the Effective Date of Permanent Financing

- Have a Settlement Date that is not more than 12 months after the Note Date, or for Construction Conversion and Renovation Mortgages, the Effective Date of Permanent Financing

Permanent and nonpermanent resident aliens (Guide Section 5103.2)

Permanent and nonpermanent resident aliens lawfully residing in the United States are eligible for mortgages on the same terms as U.S. citizens. When selling such mortgages to Freddie Mac, Sellers represent and warrant that the non-U.S. citizen Borrower is lawfully resident in the United States. Freddie Mac does not specify the documentation required to establish lawful U.S. residency. You should consult your own counsel or other information sources to determine documentation that may be used to establish lawful residency.

Borrowers without usable credit scores (Guide Section 5201.1(c))

For Accept Mortgages and A-minus Mortgages where not all borrowers have a usable Credit Score, the following requirements apply:

- At least one borrower on the transaction has a usable Credit Score, as determined by Loan Product Advisor

GENERAL UNDERWRITING REQUIREMENTS (continued)

- Financing concessions for primary residences and second homes are within allowable percentages:
 - 9 percent of value for mortgages with LTV/TLTV ratios less than or equal to 75 percent
 - 6 percent of value for mortgages with LTV/TLTV ratios greater than 75 percent up to and including 90 percent
 - 3 percent of value for mortgages with LTV/TLTV ratios greater than 90 percent
 - The maximum financing concession for investment properties is 2 percent regardless of the LTV ratio
- Note:** Maximum financing concessions are based on the LTV ratio when there is no secondary financing and TLTV ratio when secondary financing is present. Contributions in excess of the above limitations are considered sales concessions.
- Sales concessions are deducted from the purchase price and LTV is calculated using the lower of the reduced purchase price or appraised value.
 - Interested party contributions used to reimburse the borrower for payment of short sale fees must be considered and treated as a sales concession.

Interested party contributions – abatements (Guide Sections 4204.3)

A payment of up to 12 months of homeowners association dues by an interested party is not considered an abatement but is considered an interested party contribution and is subject to all requirements for interested party contributions and other conditions.

Lender credit

- Lender credit may only be used as a credit towards the borrower’s closing costs and must not exceed the amount of the borrower’s closing costs
- Lender credit derived from an increase in the interest rate must not be used as a credit towards funding a temporary subsidy buydown plan on a “no cash-out” refinance mortgage.

Property (Guide Chapters 5601, 5701 and 5703)

The Seller must ensure that the mortgage premises (collateral) are eligible for sale to Freddie Mac and that it supports the transaction; Loan Product Advisor’s Minimum Assessment Feedback (MAF) will advise the Seller of the type of appraisal report required.

For units in Condominium Projects, the project must meet Freddie Mac eligibility criteria for the project (e.g., Existing, New, 2- to 4-Unit condominium projects, or Detached condominium projects, etc.). For details, refer to Guide Chapter 5701.

Mortgages secured by a Manufactured Home (even if located within a condominium project) must be submitted to Loan Product Advisor and must identify the property as a single-wide or multiwide Manufactured Home. In addition:

- An appraisal reported on Appraisal Form 70B, Manufactured Home Appraisal Report, is required for all Manufactured Homes.
- If the property is a Manufactured Home located in a Condominium Project, the project must be approved through an acceptable reciprocal review process. For details, refer to Guide Chapter 5701. The project information section of Form 465, Individual Condominium Unit Appraisal Report, must also be completed and attached as an addendum to Form 70B.

For purchase transactions, verify the property seller is the Owner of Record. For refinance transactions, verify the borrower is an Owner of Record. For transactions involving the payoff of a land contract, verify the borrower is a vendee on the recorded land contract, and the property seller is the vendor and Owner of Record. Evidence verification with documentation in the file.

If Loan Product Advisor returns an excessive value message or a message notifying you of REO activity within the preceding 24 months, review the appraisal report carefully to ensure property value is supported.

Freddie Mac recommends the use of Loan Collateral Advisor our web-based tool that analyzes appraisal reports and provides Freddie Mac’s view of appraisal quality and risk.
